Shibamata Virtual Tour at 13:00 JST about one hour

Shibamata is a town located the east edge of Tokyo. It is famous for the movie series called *Otoko Wa Tsurai yo*, "It's tough being a man" and Taishakuten temple. The tour guide will show you around the town including some traditional Japanese shops.

Main event: Edo Furin at 16:00–17:00 JST

Furin, wind bell, is a staple of summer in Japan. That sound eases the humidity and heat of Japanese summer. Shinohara Furin is a Furin workshop in Edogawa city near Shibamata. They have been making Furin for more than 100 years. We can enjoy making Furin, blowing a glass and paint a color on it.
